College Calendar Data Elements

DOMAIN	RECORD	LENGTH
CC	COLLEGE CALENDAR DAY DATA RECORD	20
Reporting Domain		
<p>The college calendar file will be reported once annually, within 30 days following the end of the Spring term for the forthcoming academic year. The file will contain a separate record for each day of the year, commencing with the record for July 1st.</p> <p>The Term-Identifier (GI03) should reflect an annual submission of "0" and the last year of the college calendar being reported. For example, report "110" for the college calendar year beginning with July 1, 2010 and ending with June 30, 2011.</p>		
This record is 20 characters long. The first two positions contain the record code "CC".

College Calendar Data Elements

DED#	DATA ELEMENT NAME	FORMAT
CC01	COLLEGE-CALENDAR-DAY-ID	9(03)
This element indicates the calendar day by its number in relation to July 1 st .		

Coding

Code this element with the number of this day in relation to July 1st.

EXAMPLE:

This element is to be coded "001" in the record for July 1st.

This element is to be coded "036" in the record for August 5th.

CC01 COLLEGE-CALENDAR-DAY-ID

Processing Edits

FIELD CHECK	Must be numeric.
	Valid range: 001 – 336
	Code element with the number of days in relation to July 1, with July 1 coded as 001.
	Note: Must be ONE record for each day of the year. No Duplicates.

CC01 COLLEGE-CALENDAR-DAY-ID

Change History

Revision: 08/01/93 Changed Code 'N' and modified Note.
Implement: 11/02/92

College Calendar Data Elements

DED#	DATA ELEMENT NAME	FORMAT
CC02	COLLEGE-CALENDAR-DAY-PRINCIPAL-TERM	X(01)
This element indicates the principal term to which this day belongs.		

Coding	Meaning
This day is part of the:	
A	Fall Semester
B	Spring Semester
C	Fall Quarter
D	Winter Quarter
E	Spring Quarter
F	Summer Intersession
G	Winter Intersession
H	Other Intersession
N	This is a day which is not part of a term (See note below).
Report this element with code "N" for days falling between terms even though secondary instruction may be taking place (CC04 coded as "S"). For example, code the days after Summer Intersession had ended but before Fall term has started with "N", even though field trip courses may be taking place.

College Calendar Data Elements

DED#	DATA ELEMENT NAME	FORMAT
CC03	COLLEGE-CALENDAR-DAY-OVERLAPPING-TERM	X(01)
This element indicates whether overlapping terms/intersessions occur on this day.		

Coding	Meaning
Overlapping Terms Occur On This Day:	
In addition to the term coded in CC02, this day is also part of a:	
F	Summer Intersession
G	Winter Intersession
H	Other Intersession
No Overlapping Terms Occur On This Day:	
N	There are no overlapping terms on this day. (Includes days which are non-school days and therefore are not part of term.)

College Calendar Data Elements

DED#	DATA ELEMENT NAME	FORMAT
CC04	COLLEGE-CALENDAR-DAY-INSTRUCTION-STATUS	X(01)
This element indicates whether this day is a primary instruction day or a secondary instruction day.		

Coding	Meaning
P	This day is a primary instruction day. Instruction is offered to the extent required to meet the definition of an Instruction Day as defined in Title 5, Section 58120(a).
S	This day is a secondary instruction day. Instruction is offered on this day, but the total hours of course offerings are less than those required to meet the definition of an instruction day as defined in Section 58120(a) of Title 5.
N	This is not an instruction day.

Data Element Dictionary

College Calendar Data Elements

DED#	DATA ELEMENT NAME	FORMAT
CC05	COLLEGE-CALENDAR-DAY-FLEX-STATUS	X(01)
This element indicates whether this day is a flex day, on which instructional staff are released from apportionment eligible instruction.		

Coding	Meaning
F	This day is a mandatory flex day at the college on this prescribed date.
V	This day is a variable flex day at the college.
N	This day is not a flex day at the college.
Y	Not applicable. The college is not on a flexible calendar.

This element is used to determine the total number of flexible calendar days. A flexible calendar district/college may report both "F" and "V" codes which will be added together for the total flex day count. The total primary instruction days (CC04 = P) are added to the total flex days to come up with the total countable days for a college's academic year.
Only report flexible calendar days ("F" and/or "V" codes) for the exact number of days approved for flexible calendar by the Chancellor's Office.
Report a "V" code for variable flex day(s) taken at staff discretion either anytime during the year, or as a set number of days selected from a range of days when staff participates in flexible calendar activities. For example, the college is approved by the Chancellor's Office for 5 flexible calendar days and the college schedules 8 flexible calendar days with staff directed to choose 5 of those 8 days. Only report a "V" code for 5 flex days. Furthermore, if staff has discretion to engage in flexible calendar activities anytime during the year, report a "V" code for the exact number of days approved, on any dates during the year.
A code of "F" for this element does not preclude a code of "S" for CC04.

College Calendar Data Elements

DED#	DATA ELEMENT NAME	FORMAT
CC07	COLLEGE-CALENDAR-DAY-HOLIDAY-STATUS	X(01)
This element indicates whether this day is a holiday.		

Coding	Meaning
H	This day is a state mandated holiday.
L	This day is a local college/district holiday.
N	This day is not a holiday.

This element pertains to both state and local holidays observed by the college.
Local holidays coded with "L" may still have secondary instruction scheduled on those days. Such days should be coded "L" for this element and "S" for CC04.
This element must be coded as "H" and element CC04 must be coded as "N" (not an instruction day) for state designated holidays (specified by Education Code Section 79020).
There must be 10 mandated State holidays during the year.
