Notes
<p>These data elements may frequently need to be submitted when the student is no longer enrolled or where an award was received by a student prior to the Spring term. Such awards should be reported with the term identifier indicating the term in which the reporting occurs (the year with an annual term type [see GI03]), but with the Award Date (SP03) indicating the actual date of the award.</p> <p>The actual program dates (SP03) reported in the file should encompass the preceding fiscal year (July 1-June 30). For example, report Student Program file with the term type of '120' with Program Award dates of July 1, 2011 through June 30, 2012.</p>

Student Program Award Data Elements

DED#	DATA ELEMENT NAME	FORMAT
SP04	STUDENT-PROGRAM-CONTROL-NUMBER	X(05)
<p>This element uniquely identifies the program the student completed. This code is assigned by the Chancellor's Office and provided to the institution offering the program.</p>		

Coding
Report the Chancellor's Office unique 5-digit code for the certificate or degree awarded to the student.
Enter "YYYYY" for noncredit awards that are not CDCP programs.
Enter "99999" for credit awards that do not have a Chancellor's Office assigned program code.
Enter "AAAAA" for "catalog rights" awards that are conferred in programs that do not have a unique 5-digit code because they are no longer offered by the college, but which were previously offered as approved programs. (If the discontinued but previously approved program has a reasonably related successor program, "catalog rights" awards may be reported under the unique 5-digit code for the successor program. If there is no reasonably related successor program, enter "AAAAA.")
All awards submitted with an SP04 = AAAAA shall be reviewed by the Chancellor's Office for validity.
