VALUE SET TO	CONDITION			
	If Student-Education-Status (SB11) or Student-Units-Earned-Local (SB16) were not reported, this element will be set to spaces.			
Spaces	In addition, if Student-Degree-Applicable-Units-Earned-This-Term (STD5) is greater than zero and Student-Units-Earned-Local (SB16) is zero, this element will be set to spaces. This is because STD5 is subtracted from SB16 for the purposes of computing this element. If SB16 is equal to zero and STD5 is greater than zero, this will result in a negative difference. This condition indicates that SB16 is being reported incorrectly or was not available.
